

## Employer History

The Seafood Training Academy is made up of partners with a successful history of working with seafood industry employers to bring the benefits of workforce training to managers, supervisors and operatives alike.

## One Stop Shop

With our suite of Seafood Academy Recognised Programmes and Partners in key seafood regions, the Seafood Training Academy is well placed to meet your training needs. Academy Partners are also able to offer bespoke training programmes, partner-specific programmes and programmes from the FE and HE sector. We are a one stop shop for your workforce training needs.

## We Listen

The Seafood Training Academy Board is made up of both Partners and Employers, such as the Findus Group. Seafood employer involvement at Board level ensures that we also listen to employers' needs. Please contact us about your training needs and we will be happy to provide advice and information.

## A Voice for Employers

As a member of the Seafood Training Expert Group, we are able to influence programmes and support available to the seafood industry from Seafish and Improve Ltd.

## Champion for the Seafood Industry

We are recognised as the national champion for training in the seafood industry and the emerging portal for training in seafood skills for the onshore sectors of the industry

## Have you a training need?

Contact an Academy Partner for a diagnostic or advice on training. We cover a broad range of programmes such as:

- Seafood specific food safety training;
- Foundation degrees;
- Vocational Qualifications;
- Training for fish & chip shop managers
- Health and safety training;
- Seafood quality assessment to advanced levels
- Fishmongering;
- Fish filleting;
- Seafood cooking;

Some of our recognised and partner-specific training programmes are eligible for funding support.
